RE: SEXUAL ABUSE INCIDENT AT SABATTIS SCOUT RESERVATION
(PRELIMINARY REPORT BASED ON PHONE CONVERSATION WITH CAMP DIRECTOR
- TO BE SUBSTANTIATED WITH RECEIPT OF OFFICIAL REPORTS, DEPOSITIONS,
ETC.)

On Saturday morning, July 29, 1989 I received a call from our Director at Sabattis Scout Reservation (Michael Surbaugh) indicating that the Scoutmaster of Troop 81 [REDACTED] reported to him that one of his Scouts ([REDACTED], age 13) had been sexually abused during the night by staff member (Scott Winner, age 19), and that the incident had been witnessed by 12 year old Scout [REDACTED].

Mike Surbaugh and I agreed that he would:

- Call the NYS Health Department officer as required by law and follow his direction re: police, etc.
- Interview the Scouts and get statements
- Interview and restrict the staff member

I spoke to Mike an hour later. The Health Dept. Officer (Vic Pisasni) advised Mike to call the New York State Police, which he did and they were on their way in to camp.

The Police (Investigator Edwin L. Dyer and a Trooper) interviewed the Scouts and took depositions. They spoke with the staff member (Scott Winner), received a confession, arrested him and took him away.

CONF012743

The Scoutmaster, John Kendrick, drove Scouts [REDACTED] and [REDACTED] home from camp. He, Larry Bystran, Assistant Scout Executive, and I met with the parents of [REDACTED] to share with them the facts, offer our support, answer any questions, etc. Their concern was for the future emotional stability of their son. We suggested they commend their son as he stopped the incident before it became serious (see incident description). I suggested that they might wish to have their son see a professional (for counseling) and that the Council would pay the fee.

They seemed satisfied with the way the incident was handled and were hopeful their son would not have to undergo further investigation or testify in court.

Upon review of all of the facts and actions taken, the Health Officer, Vic Pasini, informed [REDACTED] that he performed properly throughout the incident.

On Sunday morning, July 30th, [REDACTED] spoke with the State Police to learn that Scott Winner confessed before the Judge and was sentenced to 60 days in jail. He is currently serving 8 days in Lake Pleasant jail. The balance to be served on weekends.

Mike would attempt to call and talk with Scott to indicate his employment was terminated and that he was to sever all relationships with Scouting. I indicated that we would follow up with the standard letter from the Council President.

When I receive copies of statements, notes, depositions, etc. from the Camp Director, I will forward them.

Mike Surbaugh, Camp Director, can provide further information if needed and can be reached at [REDACTED].

THE INCIDENT: (Per phone conversations with Camp Director). We will forward copies of formal statements when received from camp.

Scouts [REDACTED] and [REDACTED] were in bed for the evening in a shelter they had built for Wilderness Survival Merit Badge (in the woods adjacent to the Troop's campsite). Sometime between 11:00pm and midnight on July 28th, Camp Commissioner Scott Winner came to check on the Scouts and asked if they would like to go swimming. Scout [REDACTED] said "yes", Scout [REDACTED] remained at the shelter.

When nearing the waterfront area, they noticed staff members there still putting things away from the Campwide Campfire Program held earlier that evening. They went back to the shelter. Scott Winner invited both Scouts to come to his tent in the Commissioner area. When they got to his tent they played poker which eventually led to strip poker. The result was Scott Winner and Scout [REDACTED] having their clothing removed. Scout [REDACTED] clothing was not totally removed. Scott Winner and Scout [REDACTED] put their underwear back on. Scott suggested they go to bed for the night. Scott climbed into the sleeping bag with [REDACTED]. According to [REDACTED] Scott Winner touched his buttocks (which [REDACTED] thought was an accident). Then Winner touched [REDACTED] in the genital area. [REDACTED] said "no" and ended the incident. They, however, remained in the tent the balance of the night. Scout [REDACTED] later told his Dad that because of bears in the area, he was afraid to go back to his campsite. (Our Camp Director and the Scoutmaster feel he might have been afraid to go back because he broke the rules by leaving in the first place.)

In the morning the Scouts returned to their campsite and immediately told their Scoutmaster about the incident.

I personally reviewed the incident with legal counsel this morning, and over the phone with Area Director, Harry Pokorny.

August 1, 1989

Received a call from [REDACTED] (about 9:00 a.m.) asking about status of Scott Winner. I shared what I knew unofficially regarding disposition of the case and sentencing, but could not confirm until receiving official notice.

He expressed his continued concern that this could happen and indicated he had talked with counsel. He said he has no plan to pursue any legal action (at this time).

He expressed concern that Scott Winner might have hurt other boys and wanted to know if the Council would do anything to find out if so. I indicated that we would discreetly be doing exactly that, and that we would also prohibit Scott from any relationship with the Boy Scouts of America.

[REDACTED] suggested we should alert our units, that this incident happened, publicly embarrass Scott, and show what happens to people who commit such an act.

I discussed with [REDACTED] our Youth Protection Programs etc. and indicated that this was probably a better approach than a public disclosure.

He has a lot of respect for the BSA and what it does for youth and will probably not pursue this publicly as long as we keep him informed of the status.

Report of Incident

Saturday July 29, 1989 7:34 a.m.

John Kendrick, Scoutmaster T. 81, staying in Tanglebush Campsite, informed me of a child abuse allegation involving two boys in his camp site and one of the Camps Commissioners Scott Winner. I asked Mr. Kendrick to bring both boys to the camp office at 8:45 a.m. so we could conduct the interviews and determine that misconduct had in fact taken place. I then asked Lamont Hahn, Program Director to check out troops assigned to Scott Winner and isolated Scott.

~~Interviews were~~

A call was placed to the Scout Executive at home. Steven Blacker answered and informed me that the scout Exec was not at home. He agreed to relay the message to Mr. Blacker. Blacker returned call at 8:41 a.m. Upon informing him of the situation, Mr. Blacker agreed to call back at 10:00 a.m. and get an update.

Interviews were conducted with both boys in the presence of Brian Wheeler, John Kendrick, and Mike Surbaugh. The actual interviews were conducted separately
(over)

and were identical to the deposition statements attached. At 9:10 a.m. I called the Health Dept. permit issuing official Victor Pisan. Mr. Pisan instructed me to call the State Police and indicated that although it was a police matter he wished to remain in contact and possibly conduct an on-site interview.

Ed Dyer
Troop "B"
Raybrook, NY

Upon calling the state police in Saranac Lake, NY, I spoke to Edwin Dyer, Investigator. Mr. Dyer said he would meet a Trooper and be on site within one hour. Upon recommendation of the state police I instructed Kendrick and the two boys [redacted] and [redacted] to remain in camp.

I then confronted Scott Winner with the accusation and asked him to respond. He said "I'm going to be sick" and became very ill to his stomach. After a few minutes he returned from the bathroom and requested to be taken to the infirmary. I said no, and took him back into my office. I repeated the accusation and once again asked him to respond. He at this point denied the accusation and said that upon checking on the boys they were cold.

and he invited them to sleep in his tent. I asked several specific questions relating to the alleged incident which he denied. At this point I told him he would have an opportunity to discuss the matter with the State Police. Upon isolating him again in the Business office, I instructed the Camp Ranger to remain with him until the police arrived. Greg Andrews and Brian Wheeler maintained observation of Winner until police arrived.

Investigator Dyer arrived approx. 11:15 a.m. and conducted along with trooper Scott Rogers deposition statements. I was present during both depositions and they matched the notes I took from both boys. Inv. Dyer indicated an arrest would be made and confronted Winner who then confessed. Winner was read his rights, arrested and handcuffed. Inv. Dyer indicated I would be the complainant and it was necessary for me to press charges. I agreed. Winner was then taken to Tupper Lake station and Kendrick took both boys home. (see: Scout Exec. notes on parental visit) Numerous calls were made to both the SE ASE and Vic Pisan keeping them abreast of developments. (over)

The state police called throughout the evening gathering further info. and keeping me updated. Victor Risan and Ward Remington - arrived at 2:00 p.m. and left at 4:45 p.m. Their conclusion was that the incident was handled properly and no action was required on their part. As of 11:20 p.m. Scott Winner had been arraigned in Long Lake and made a full confession at the bench. He was convicted of a Class 2 misdemeanor and sentenced to 60 days in jail. He is currently serving 8 days in Lake Pleasant Jail and will return to camp on Monday, Aug. 6, 1989 to collect personal belongings. All personal effects have been placed in his automobile which was moved to the office parking lot for security. As of this writing, I have not been able to reach his parents. (although advised by Dyer it was not necessary and not to do so until sentence was announced). A phone call has been made to Winner formally terminating his employment, although his paycheck has not yet been sent. Upon notification from him, we will appropriately send it to him.
